

Clinkin Enterprises

Dear Parents/Guardians,

As part of this year's Scottish Young Enterprise scheme, a group of sixth years at Brae have started a company, "Clinkin" which hopes to make bespoke cake stands using recycled, vintage plates. We were wondering if any parents were willing to donate any non-precious, vintage style plates they may have spare. We would be incredibly grateful for anything which could be donated and we ask that they be handed in to the school office, Miss Marwick or they can be directly taken to the common room and given to one of us 6th years.
